

The Vizagapatam Chamber of Commerce and Industry with a distinguished 95-year legacy stands as one of the region's oldest and most esteemed trade organizations.

With the evolving socio-economic priorities of the nation, VCCI envisions a renewed role, extending beyond commerce and trade into the realm of collective social responsibility, inclusive development, and sustainable nation-building.

Sustainability & **Corporate Social Responsibility CSR**

The creation of the VCCI CSR Arm marks a strategic step toward mobilizing industry-led social impact across Rural Andhra Pradesh and beyond, bringing together industries, philanthropists, and experts under one collaborative platform.

Strategic Framework

The CSR Arm of VCCI will operate through a robust, multi-tier governance framework comprising an **Advisory Board of eminent leaders**, sector-specific thematic focus areas, and dedicated project management panels. This structure ensures strategic oversight, regulatory compliance, efficient execution, financial transparency, and measurable, long-term social impact for all stakeholders.

Objectives

1. Build a collaborative CSR platform linking industries, donors, and individual philanthropic minded families...
2. Identify and support high-impact projects benefiting rural and semi-urban communities.
3. Promote skill-based education and employability aligned with local economic opportunities.
4. Encourage women entrepreneurship and SHG-led enterprises for rural empowerment.
5. Strengthen environmental sustainability initiatives, especially along the coastal belt.
6. Enable transparent governance and reporting to build credibility and trust among partners.

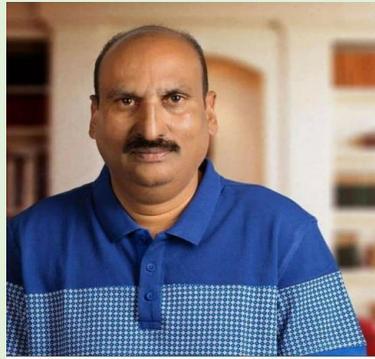

The Advisory Council of Eminence

is the strategic heartbeat of VCCI's CSR initiatives. Comprising a distinguished assembly of thought leaders and industry veterans, the Council transforms traditional philanthropy into a force for systemic change.
